

Boca Terry Medi-Robes

Hotel Quality Fabrics, Designed to Last for Years...

Case Study from University of Miami/ABM

I would like to share with you our facilities great experience with your product.

We use an average of 150 robes per day, which is a total of 750 a week.

-In September 2019, we purchased 1100 robes.

-In May 2021, we purchased 350 robes.

-In September 2022, we order 350 more robes.

In August 2022, we first disposed of 200 robes (after 3 years usage).

The quality of your product has been helping us to save money and to provide to our customers a pleasant experience.

Looking forward to continuing doing business with you,

*Best Regards,
